

# The Warrior Wrap-Up

August 2020

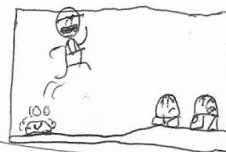

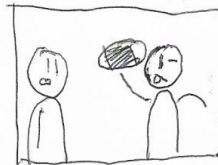

By: Oscar Rodriguez

## Story of a cat by Archer Orner

A kitten moved into my house last week. We named her Luna. I wonder if she likes my house. She is a little kitten and I hope she stays small. When I'm coloring the cat comes and plays with my pencil because it thinks it's a toy. She likes to play with her mouse toy. She likes to sleep a lot. She likes to play with my foot while I am working. When she rubs your leg it means she loves you.

## Advice column

By John Julia

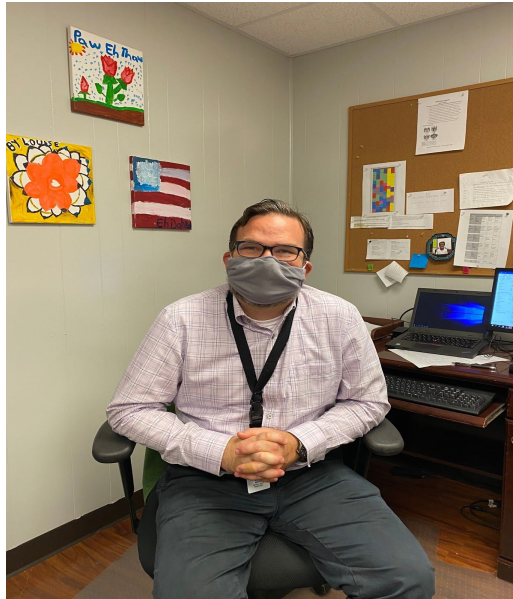

Always look for the silver lining and look at others' perspectives.

**Always stay positive and try your best!**

# Interview with Mr. Mann

By: John Julia

As a new principal, Mr. Mann wants to create an environment that welcomes all families. He realizes this is going to be a little tricky because of the current circumstances. He would also like to increase communication between the families and the school. He said he would like the classroom to be fun and interactive for everybody, including you! From the way things are looking, I think he is going to be a good principal!

## The Teacher Feature

By: Emma Porter

This week's chosen teacher is... Mrs. Miner! Here are a few fun facts about her: Mrs. Miner's favorite color is green and she has been teaching for 8 years. At her house she has 1 dog named Aeris who is 8 years old and is a Golden Retriever. She also has 2 kids named Serenity and Dresden. Serenity is 5 years old and her brother is 1. The farthest Mrs. Miner has ever traveled is Ecuador, which is in South America!
